

MimioStudio

Award-winning MimioStudio™ classroom software is the only software you need to create and deliver engaging lessons. The software offers innovative tools and features that make interactive learning and teaching easier. And you only need to learn this single intuitive software to control all of your MimioClassroom™ products.

“MimioStudio makes it easy for me to create quality lessons that reach every student, every day.”

Bring lessons to life with the easy-to-use MimioStudio software. Lessons can be personalized with comprehensive tools for creating text, drawing, and curriculum-focused classroom instruction. Each lesson can be saved in your multi-page MimioStudio Notebook workspace to be used over and over or shared with other teachers and students.

Create Activities in Minutes

MimioStudio software includes the innovative ActivityWizard, which automates the entire activity-creation process. Teachers can easily generate activities in their choice of subject for a specific grade or age level, and automatically populate them with the appropriate text and images.

- **Flexible licensing options.** Allow use with any interactive whiteboard display.
- **Time saver.** Automatically record student answers with MimioStudio Gradebook.
- **Leverages existing course material.** Import existing resources created in Microsoft Word, PowerPoint, Adobe, SMART Notebook, and Promethean ActivInspire.
- **Free educational content.** Draw from a wide range of lesson content in MimioStudio Gallery.
- **Single software program.** Controls all MimioClassroom products.

With the ActivityWizard, teachers can build activities that target skill acquisition, rate-building, and evaluation.
