MimioVote

Your teachers are doing what they're supposed to do – teach. Now they want to know if the students are learning. They can get instantaneous feedback, or easily pre-test and post-test to monitor progress. And while the teachers are getting the answers they need, the students get to have some fun.

With the MimioVote™ assessment, the results are immediate and the feedback has value. Teachers know who is learning and who needs help. And when students don't have to think about how to use the device, they can concentrate on answering the questions.

The intuitive design provides instantaneous teacher-led or self-paced evaluation, without the hassle typically found with ordinary assessment systems. Teachers get accurate, real-time results and eliminate the extra workload of manual test correction. And they can download results into spreadsheets and lesson plans to easily track learning.

- Quick-poll during a lesson, to see who's getting it and who needs some help.
- Reduces student confusion by illuminating only the answer buttons needed for each test.
- Ergonomic design allows one-hand or two-hand operation of the handsets – or place them flat on the desks.
- Excellent testing options for all grades.
- Easily import standard tests and publisher's content.
- Compatible with MimioStudio™ templates and Microsoft PowerPoint.
- Automatic recharging means tech directors don't have the hassle of battery replacement.

Place handsets anywhere in the recharging storage tray, and they renumber automatically.

Specifications

Package Contents

24 or 32 MimioVote rechargeable handheld devices, packed in a durable storage case with foam-padded compartments, removable docking and charging station, 1 DVD containing MimioStudio classroom software, 1 MimioHub™ wireless receiver, 1 global power supply.

Specifications

Minimum Software Requirements
MimioStudio 7 and higher on a Windows, Mac, or Linux OS.

For specific system requirements, please visit us at: mimio.com/support/downloads

Installation
Operation and use of MimioVote devices require MimioStudio 7 software or higher and MimioHub.

Range
9 m (30 ft)

Response Time Discrimination
As low as 1 millisecond.

Controls & Indicators
8 response buttons and 2 forward/backward buttons, 1 Help button.

Max Number of Devices per System
Combine two trays of 32, up to 64 units per classroom.

Batteries
1 rechargeable Lithium-Ion battery per handheld device.

Battery Life
Fully rechargeable; typically 3 years.

Communication
Wireless with the MimioHub, which inserts into computer USB port.

Radio Frequency (RF)
2.4 GHz

Power Consumption
5 V 3.0 Amps via EIAJ-2 (1.7mm ID, 4mm OD)

Dimensions
Handheld:
25 mm x 90 mm x 61 mm (1 in. x 3.54 in. x 2.4 in.).
Charging Tray:
548 mm x 92 mm x 241 mm (21.6 in. x 3.6 in. x 9.5 in.).
Case: 674 mm x 251 mm x 167.64 mm (26.5 in. x 9.8 in. x 6.6 in.).

Weight
Handhelds and Tray:
5.2 kg (11.5 lb).
Handhelds, tray, carrying case:
8.4 kg (18.5 lb).

Operating Temperatures
0°C to 50°C (32°F to 122°F). Limited by LCD display.

Storage Temperatures
-10°C to 60°C (14°F to 140°F). Limited by LCD display.
Operating Humidity: 15% to 75% non-condensing.
Storage Humidity: 0% to 90% non-condensing.

Question/Answer Types
Multiple Choice (A-E), Yes/No, True/False, Chime In, Question.

Question Data Import
ExamView importer (Blackboard 6.0 – 7.0 format).
