MimioStudio Gradebook: Setup and Reports

This one-hour, live, online training session provides participants with all the basics of setting up the MimioStudio Gradebook to be used with the MimioVote™ assessment system. Participants will learn how set up classes, add students, manage collected data, and generate reports from the MimioVote Gradebook. They will have the opportunity to practice their new skills during the session, and to consider ways they can apply different types of assessments to their own teaching.

Participants will:

- Get an overview of the MimioStudio Gradebook.
- Learn how to set up classes and add students.
- Practice importing student class lists from other software you may use.
- Navigate and practice using MimioVote Gradebook.
- Learn how to manage student data collected from the MimioVote assessment system.
- Learn how to generate various class and student reports.

During the session, participants will have the opportunity to ask questions and interact with the software. Participants who successfully complete the session will advance their Mimio skills and understand how to use MimioStudio software more effectively.

We encourage participants to attend additional sessions to maximize their abilities with Mimio products and bring their teaching into the 21st century!
