MimioQuickLearn

MimioVote: Creating Assessments

This one-hour, live, online training session provides the skills necessary to effectively use the MimioVote™ assessment system in the classroom. Participants will learn how to create various types of assessments, conduct activities, and use the MimioVote™ assessment system in three different modes. They will have the opportunity to practice their new skills during the session, and to consider ways they can apply different types of assessments to their own teaching.

Participants will:

- Use MimioVote templates from the MimioStudio Gallery.
- Create questions and answers.
- Learn how to modify question and result template options.
- Create activities for the MimioVote™ assessment system
- Practice conducting activities.
- Review data collection in the MimioStudio Gradebook.

During the session, participants will have the opportunity to ask questions and interact with the software. Participants who successfully complete the session will advance their Mimio skills and understand how to use MimioStudio software more effectively.

We encourage participants to attend additional sessions to maximize their abilities with Mimio products and bring their teaching into the 21st century!
